or FAX 1-800-418-6998

What our customers are saying

I highly recommend Oxygen Parts Inc. Josh is very knowledgeable and very customer focused. Josh helped us with portable oxygen concentrators for my wife for a trip to the Netherlands. Without his help we probably wouldn't have gotten any equipment in time for the trip.

Robert

Fantastic experience working with Josh at his business Oxygen Parts. He is honest and on the money with fast service. He has many many years of experience in healthcare and great knowledge in his business. We use him at our hospital for his services and he always does a great job you won't be sorry.

Frank

Very knowledgeable and professional! Entire process was so smooth. It is very stressful having to navigate the world of oxygen equipment and having Joshua there to ask questions and to guide you on the right equipment and why is absolutely amazing!!

Theresa

We carry only the best brands

Having worked closely with many brands for over 40 years, and with customer health and safety being our primary concern, we only carry products with a proven track record and guaranteed support.

- **OxyGo** and **Inogen** pulse dose portable oxygen concentrators as small as **2.8 LBS** to **5.7 LBS** depending on your needs.
- **Liberty 2.0** continuous *and* portable oxygen concentrator provides a flow up to **2 LPM** for clients requiring usage during sleep and pulse dose up to **setting 10**.
- **OxyHome stationary oxygen concentrator** is one of the quietest home oxygen concentrators available with flow settings from **1-5 LPM** continuous flow.
- **10 LPM Stationary High Flow** oxygen concentrators (available by special order)

Travel consult & support

We provide personalized consults to help you learn about your options and set you up to live life on your terms—be it traveling, RV-ing, camping, hiking, gardening, golfing, fishing, or just spending more time with family and pets.

For travelers, we advise on FAA-approved concentrators, number of batteries needed for the duration of your flight, power adapters for foreign destinations, and essential parts and accessories to help you get the most out of your trip.
